To whom it may concern:

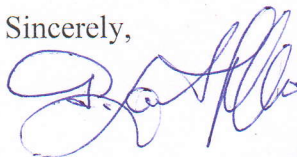

We would like to write a letter of Recommendation for one of our main contractors, Kanaka OJSC.

This is already the 4th year we are cooperating with the named company particularly in Gyumri (RA, Shirak province). Our first cooperation started in mentioned city, while constructing Gyumri Varduhi Art School, where we worked together for more than one and half year. During this period Kanaka expressed itself as a solid company with highly qualified personnel, well established equipment and devices and high quality of work being performed in all our construction sites. What is more interesting that Kanaka meets all of its deadlines within construction, renovation, reconstruction activities we faced. Now we are continuing our cooperation to construct a new Crafts Center in Gyumri.

Having all of this in mind, we, Charitable Foundation “Oyunjyan”, highly recommend Kanaka OJSC for its further endeavors and any other activities it would be involved in all areas of Armenia, which is highly specified company at construction, renovation and reconstruction level.

Should you have additional questions do not hesitate to contact me.

Sincerely,

Gagik Latshikyan
